

YAC-O187

3-Glycidoxypropyltrimethoxysilane

CAS No. 2530-83-8

Specifications:

Tests	Specification
Appearance	Colorless transparent liquid
Assay	$\geq 98.0\%$
Color (Pt-Co)	≤ 30
Density (20°C)	1.060~1.080g/cm ³
Refractive index (nD ²⁵)	1.4220~1.4320

Package: 200Kg/Drum or 1000Kg/IBC

Application:

- Typical uses include modification of engineering rubber and plastic materials, paints, coatings, inks, casting resins, adhesives, sealants, glass fibers, abrasives, electronic packaging materials and other industries.

Storage: Store in sealed containers in a cool, ventilated and dry place away from light, fire and moisture. Once opened, the container should be sealed to prevent water vapor from entering and causing hydrolysis.

Recommend Shelf Life: 12 months.
